STORYTELLING, LAYERS & CAPTURING THE MOMENTS

Welcome to our April newsletter...fashionably late, but full of creative goodness!

We may be a little behind schedule this month — but like all good creative projects, sometimes things take a little longer to come together and we promise it's worth the wait.

With Easter just behind us, now is the perfect time to capture the moments and turn them into meaningful pages. Whether it's family gatherings, quiet creative time, or everyday memories, this is where the storytelling begins.

This month we're diving into layered storytelling and creative detail, featuring our latest Luckyfindings releases and the beautiful new Paper Trove range — perfect for building depth, texture, and interest in your projects.

Kylie

We're also sharing simple ways to use tags and journaling elements to bring your pages to life, along with inspiration from our creative community and reminders to join in with our Mini Works of Art and monthly moodboards.

If you're feeling inspired, you'll find everything you need waiting for you in the Scrappingclearly shop.

So grab your supplies, clear a little creative space, and let's start telling your stories... we can't wait to see what you create.

Down the RABBIT HOLE Retreat

Join us this 15, 16 & 17 May 2026 as we tumble Down the Rabbit Hole into a world of curiosity, creativity and a touch of Wonderland mischief... Our Alice in Wonderland themed Scrappingclearly retreat is just around the corner — and there are only a few seats left at the table.

Over the weekend you'll create a stunning 28-page mixed media journal (22cm x 18cm) filled with layered substrates, rich texture, interactive elements and storytelling. Using exclusive Luckyfindings foundation papers and imagery, you'll build pages that blend vintage charm, contemporary colour and curious Wonderland characters.

But this is no ordinary journal...
Hidden doors, peek-through holes, pockets and unexpected details will lead you deeper into your story — each page revealing a little more magic as you go.

The retreat space will be transformed into a Wonderland-inspired escape, complete with themed décor, a beautifully styled High Tea, and exclusive attendee gifts designed especially for this event.

Food is included Saturday through to Sunday lunch, with options to purchase food at the venue on Friday night and a private Facebook group for attendees will provide lead-up information, sneak peeks and a place to ask questions before the event.

This boutique retreat is intentionally small and beautifully curated, with very limited seats available. Once those places are filled, there are no extras ... so if you've been tempted, now is the time to follow the White Rabbit and prepare to go Down the Rabbit Hole with us...

EASTER Cyber Crop Update

Firstly, a HUGE congratulations to our Easter Cyber Crop Queen who we will be announcing very soon.
Your creativity and effort truly stood out!
We know this time of year can be busy, so we've decided to extend the Easter Cyber Crop challenges until April 30th to give everyone more time to create and join in. We'd love to see your Easter-inspired projects, and all entries submitted by the new deadline will still be included in the prize draws.

2 NEW RELEASES [AT] LUCKY Ufindings add

Introducing our brand new Paper Trove Collection — a stunning release of 24 unique paper packs, thoughtfully designed to inspire creativity, storytelling and layered mixed media art.

Each Paper Trove has been carefully curated to bring together 12 beautifully coordinated designs, blending texture, colour and detail to create the perfect foundations for all your paper crafting projects.

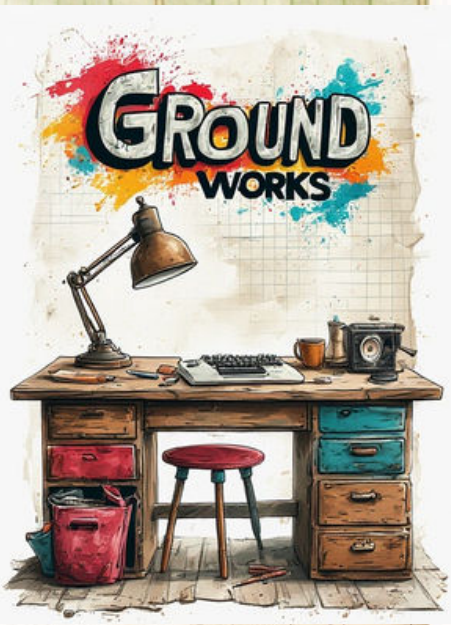

From soft washed inks and layered neutrals, to moody tones, vintage textures, botanicals, sketch-style imagery and expressive grunge, this collection has been designed to suit every creative style.

Introducing the brand new Groundworks Collection — a powerful release designed to give your creative work its foundation, depth, and storytelling base.

Groundworks is a series of LUCKYfindings background collage imagery sheets, printed on quality card stock. Each sheet contains coordinating imagery fragments designed to be easily cut, torn, or layered to build composition, texture, and visual depth. Think of them as your starting point — a base layer that grounds your artwork before you build your story.

Each sheet is highly versatile, giving you instant creative foundations for scrapbooking, mixed media, journaling, and card making. Use them as full backgrounds or break them into smaller pieces to create layered clusters, tuck spots, and collage details that add richness and dimension.

From textured surfaces and pigment-style effects through to aged, atmospheric designs, every piece helps you build depth without overwhelm — a foundation for every style of creating. Whether soft, layered, bold, or expressive, Groundworks gives you the flexibility to start your page with confidence and build from there.
